

# Panel Discussion and Q&A

---

*RHSP – Celebrating 30 Years of Scientific Achievements*

Benjamin French, PhD.  
*U.S. Scientific Review Group*

# Panel Discussion

- **What do you see as the major contribution(s) of the Russian Health Studies Program?**
- **What scientific questions or issues remain unaddressed or unresolved by the Program?**
- **What innovations were developed as part of the Program that would be beneficial to apply in other radiation studies?**
- **What challenges are there to conducting such an international collaboration, and what advice do you have for others pursuing similar international collaborations?**

# Open Q&A

- **Questions from in-person attendees.**
- **Questions from virtual attendees.**
