

Dr. Donald Miller is Chief Medical Officer for Radiological Health at FDA's Center for Devices and Radiological Health. He earned a B.A. from Yale University and an M.D. from New York University and completed a residency in diagnostic radiology and a fellowship in interventional radiology at New York University Medical Center. He is board certified in Diagnostic Radiology and Vascular and Interventional Radiology. From 1982 to 2011, prior to joining FDA, he practiced at the National Institutes of Health and the National Naval Medical Center in Bethesda, MD. He was Professor of Radiology at the Uniformed Services University in Bethesda, MD from 1993 to 2012.

He was elected a member of ICRP Committee 3 (Protection in Medicine) in 2010, and served as Vice-Chair from 2013 to 2017. He is an author of ICRP Publications 117, 120, 135 and 139. He was elected to the U.S. National Council on Radiation Protection and Measurements (NCRP) in 2006, and serves as Scientific Vice President and Chair of Program Area Committee 4 (Radiation Protection in Medicine) and a member of the Board of Directors. He is an author of NCRP Reports 168, 172, 177, 180, 184, and 185 and Statements 11 and 13. He was Vice-Chair for the U.S. EPA's Federal Guidance Report No. 14, is a consultant to the IAEA, and is a member of WHO's Core Group of Experts on radiation protection of patients and staff.

Dr. Miller is an author of more than 200 papers in peer-reviewed journals and more than 40 book chapters and reports. He has served as Associate Editor of *Radiology* and the *Journal of Vascular and Interventional Radiology*. He is a Fellow of the Society of Interventional Radiology (SIR) and the American College of Radiology (ACR), and an Honorary Member of the American Association of Physicists in Medicine. He chaired SIR's Safety and Health Committee from 1999 to 2011 and the ACR Guidelines Interventional Committee from 2008 to 2012. His research interests have centered on radiation protection in medicine.
